

Encore Auto

Our Opinion

"The Encore Auto is the simplest type of coffee machine using pre-measured in cup drink selections. Perfect for workplaces where customers can help themselves to a refreshing hot drink, so simple to maintain and use. No plumbing required."

For a delicious and refreshing hot drink, this compact, yet semi-automatic machine offers a choice of 5 selections and a total capacity of over 195 in-cup drinks.

Drink selection is simplicity itself with an incredibly user friendly push button system. Indicator lights guide the user through every step of making their chosen drink. Water selections can be programmed to provide free on demand, one-touch automatic cup fill or part cup (espresso) variants. Electronically controlled internal sugar dispenser, available for either pre-packed bottle or refillable jar.

Available as a free vend machine or fitted with full electronic coin mechanism which accepts all coins and token. Separately lockable cash box. I-Key cashless payment system compatible.

Universal water-tank can be hand filled or connected to a mains water supply. Digital

credit display and full audit information stored electronically. Incredibly user friendly, compact and feature packed.

640mm x 630mm x 475mm
