

Evolution

Our Opinion

"Fully automatic, reliable machine with stunning aesthetic looks and will cater for any busy site. Eg. Schools, colleges, factories or any large office. Tip: choosing the fresh leaf tea model is a must. Easy for customers to use and they will love the vast choice of fresh drinks."

The Evolution range provides a truly versatile drinks vending solution for all environments where a high quality beverage needs to be served quickly and efficiently. The machines offer a full range of instant, freshbrew and bean to cup (B2C) drinks as well as an extensive selection of still and carbonated cold drinks.

With its large ingredient and cup capacity, dynamic looks and user friendly interface the Evolution has been developed to provide delicious, thirst quenching drinks around the clock.

So, select your favourite from the menu, push the button, and enjoy the experience!

Instant and freshbrew models available. Surevend™ guaranteed product delivery system fitted as standard. Numeric or build-a-drink keypad increases versatility. Flexible cup drop

unit capable of vending paper and plastic cups. Three point door locking for greater security. Operator friendly! Easy to clean, fill and maintain. Common components and simple machine programming. Instant, Freshbrew.
